## OBJECTIVE

Motivated Computer Engineering student with a strong foundation in web development and a passion for creating user-friendly, responsive websites. Proficient in HTML, CSS, and JavaScript, with experience in collaborating on projects that enhance user experience and functionality. Eager to leverage technical skills and problem-solving abilities in a dynamic work environment to contribute to innovative web solutions.

## EDUCATION

- Completed my B.Tech Computer Engineering(RTMNU) in year 2025 with 7.39 cgpa.
- Completed my all semester with descent performance.
- Completed my HSC in the year 2021 with great score i.e.77%.
- Completed my 10th in the year 2019 with average score i.e.75.60%

## TECHNICAL SKILL

- **Languages :** Javascript , C /C++ , Core Java.
- **Frontend Development :** HTML5 , CSS3 , JavaScript , Tailwind CSS, React js, Material Ui.
- **Backend Development :** Node js, Express js.
- **Database Management :** MongoDB , SQL.
- **Tools and Technologies :** Git, Github, VS code.
- **Deployments Platform use :** Netlify , Render

## INTERNSHIP / EXPERIENCE

### Kodnest Technologies, Bengaluru, Karnataka, India (Online — Currently Pursuing)

- Gaining practical experience in Java, MySQL, Frontend Technologies, and Manual Testing, while contributing to real-world projects and learning directly from industry professionals.

- **Royals Web Technology, Nagpur | January 2025 – July 2025 (6 Months)**

1. Gained hands-on experience in full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js).
2. Collaborated on a Learning Management System (LMS) project, identifying and fixing bugs to enhance performance, uptime, and reliability.
3. Designed and developed an Admin Panel for a Gaming Website, enabling efficient user management, betting tracking, and performance monitoring.
4. Worked closely with the development team to troubleshoot live project issues, improve code quality, and ensure smooth system operation.
5. Strengthened skills in RESTful API development, frontend optimization, and database management through real-world project experience.

- **1 Month internship completed through the code clause**

project :- E-commerce website

- **1 Month internship completed through the Protuner technology.**

project :- weather website

- **3 Month internship completed through the Interns Elite.**

---

## PROJECTS

### Face Lock Authentication Website

Team Project (4 Members) | HTML, CSS, JavaScript, OpenCV

- Developed a facial recognition-based login system to replace traditional password authentication.
- Integrated webcam access to detect and verify user identity before granting access.

### Admin Panel Dashboard

React.js, Node.js, Express.js, MongoDB

- Created a full-stack admin panel to manage users, products, and orders for an e-commerce site.
- Implemented secure authentication, RESTful APIs, and CRUD functionality with MongoDB

### Resort Booking Website

React.js

- Designed a front-end resort website using React components to showcase resort features and services.
- Focused on modular component structure and visual layout.

### Real-Time Chat Application

React.js, Node.js, Express.js, Socket.io, MongoDB

- Built a real-time messaging platform with user authentication and live chat features using Socket.io.
- Included functionality such as typing indicators, message history, and encryption using npm package crypto.

### E-commerce website

MongoDB, Express.js, React.js, Node.js (MERN Stack)

- Designed and deployed a scalable e-commerce platform utilizing the MERN stack, focusing on RESTful API development, payment gateway integration, and robust backend systems.
- Assisted in troubleshooting site issues, improving code quality, and participating in regular team meetings to share updates and gain feedback.

---

## ACHIVEMENTS

- I have certified for completed 7-days bootcamp with DevTown on Backend Web Development using Javascript,Node.js and Express from dated july 2023
- Also I have attended Barclays Life Skills Program of 4 days arranged by our college
- Cloud Computing (NPTEL) Swayam (12 week)
